### Office of the City Auditor

**Date:** October 27, 2009

**To:** Mayor Mark Funkhouser and Members of the City Council

**From:** Gary L. White, City Auditor *G. L. White*

**Subject:** Fiscal Year 2010 Second Quarter Citizen Satisfaction Survey Results

Council Resolution 090340 directs the city auditor to prepare quarterly citizen satisfaction surveys. The second quarter results for the Fiscal Year 2010 Citizen Satisfaction Survey are attached. (See Attachment 1.)

The survey was mailed to a random sample of 2,000 Kansas City, Missouri households beginning September 1<sup>st</sup>. Between September 7<sup>th</sup> and October 11<sup>th</sup>, telephone surveys were administered to households that did not respond to the survey by mail. A total of 1,212 households responded. Survey results for the second quarter have a 95 percent confidence level and a margin of error of up to +/- 2.81 percent. Compared to the 2000 Census for the city as a whole, the quarterly survey respondents fairly represent citizens in the gender and race categories.

The survey results in the attached table exclude "Don't Know" responses. Survey reports from prior years should not be compared to the current results because prior survey results include "Don't Know" responses.

Once all four quarterly surveys are completed, we will analyze satisfaction citywide and for geographic areas of the city. We will also compare the city's annual results to prior years' results and survey results from other metropolitan area and U.S. benchmark cities.

If you have any questions, please contact me at 513-3320.
